

To ensure the health and safety of our employees and customers, all First National Bank lobbies are temporarily limited to appointment only access. Our drive-thru and ATMs will remain open for teller and cash transactions. To set up an appointment, call us at (606)474-2000. We encourage everyone to use our digital services for self-service banking and around the clock account access. If you need assistance in signing up for any of our digital services, like online & mobile banking, our employees will be happy to walk you thru the process. We are here to serve you! Our phone lines will be open during our regular hours of business to assist you with any of your banking needs. We appreciate you and your patience during this critical time.

First National Bank will continue to monitor this situation and update you as things progress.
